Hey,
So I just got this email:

SLO Lewis,
Happy New Year. Sorry for the delay. Trying desperately to catch up on email. Looking over this reach of 5th St, the parking demand is high and parking is needed by the local businesses for their patrons and their loading / unloading need. Parking is currently regulated with a "Tow Away No Stopping 7am - 9am, 3pm - 7pm, Except Sat & Sun" peak hour restriction, a "2-Hr" time limit meter parking, Passenger / Commercial Loading Zones, and a "Tow Away No Parking 7am - 2pm Farmers Market" on a weekday b/w Spring and Broadway. Is there a more specific time frame when drug pedaling is most prevalent, say in the evening when businesses are closed?? We can prohibit parking in the evening when businesses are not affected. Otherwise, a petition signed by majority of the businesses on south side of each block is necessary to effect the parking prohibition during the day. Or the DTLA BID, representing the businesses on these two blocks, along with support from the local Council Office can make the request in lieu of the petition. Please let me know how you wish to proceed. Thank you.

Be a yardstick of quality. Some people aren't used to an environment where excellence is expected.

-Steve Jobs
